Padang City, Indonesia, Mutiara Putih Complex, Block A/7, Koto Tengah, 25172

A highly analytical 5th-semester Informatics Engineering student at the National Institute of Technology (ITPLN) and a national-level Mathematics Olympiad champion. Proven ability in logical problem-solving, currently applied in roles as a Software Architecture & Quality Laboratory Assistant and a researcher in an applied engineering project. Actively engaged as a Google Student Ambassador and Populix Ambassador, eager to leverage a strong analytical foundation to build impactful data-driven applications that solve real world challenges.

Work Experiences

Institut Teknologi Perusahaan Listrik Negara (ITPLN) - Jakarta

Aug 2024 - Present

Laboratory Assistant - Software Architecture & Quality Lab

- Collaborating with senior researchers and lecturers on software quality assurance projects, assisting in the analysis of software architecture patterns and best practices.
- Additionally, maintaining responsibility for the preparation of laboratory equipment and software for practical sessions.

Institut Teknologi Perusahaan Listrik Negara (ITPLN) - Jakarta

Nov 2024 - Feb 2025

Researcher Water Filtration System

- Collaborated in a research team of a students under the guidance of 3 supervising lecturers to develop an innovative water filtration solution.
- Contributed to the data analysis and performance testing phases of the project, and co-authored the final research report documenting findings and proposing future improvements.

Google

Sep 2025 - Feb 2026

Google Student Ambassador

- Promoted Google developer programs and technologies on campus, organizing workshops and events to build a strong community of student developers.

Populix

Oct 2025 - Jan 2026

Populix Ambassador

- Executed targeted promotional campaigns to increase brand awareness and user acquisition for Populix within the university demographic.

Education

Institut Teknologi Perusahaan Listrik Negara (ITPLN) - Jakarta, Indonesia

Sep 2023 - Apr 2027 (Expected)

Bachelor of Informatics Engineering, 3.95/4.00

- Currently in the 6th semester of the undergraduate program, Active as a Laboratory Assistant in the Software Architecture & Quality Lab.

SMAN 7 Padang - Padang, Indonesia

May 2020 - Jul 2023

Senior High School, Science Major

Organizational Experience

Student Council (OSIS) SMAN 7 Padang - Padang, Indonesia

Mar 2021 - Feb 2022

Head of Religious Division

- Led a team of 10 members to design and execute the annual work plan, successfully organizing 3+ major school events.
- Increased student participation in extracurricular activities by 20% through strategic program development.

Skills, Achievements & Others

- **Hard Skills:** Programming: Python, C++, C#, R, JS, TS | Web & DB: HTML, CSS, SQL, React.js, Laravel | Dev Tools: Git, GitHub, VS Code, Android Studio | Platforms: Jupyter, Colab, Niagahoster | Design: Figma, Canva | Languages: Indonesian, English
- **Soft Skills:** Analytical, Leadership, Research.
- **Achievements:** 1st Place, National Level Pancasila Achievement Week Competition (Mathematics) | 1st Place, National Level Indonesian Science Smart Competition (Mathematics) | 1st Place, National Level-Olympiad Festival Competition (Engineering Olympiad) | Gold Medalist & Multiple Award Winner in various national-level Mathematics & Science Olympiads (FMIPA USU & POSI).
